The original version of document CERN/CC/1451 was discussed by the Committee of Council at its Hundred-and-fifty-third Meeting, on 3 June 1982. The attached revised version (CERN/CC/1451/Rev.3) takes into account the comments and suggestions made at the meeting on 24 June 1982.

Council is invited to approve unanimously the present Resolution.
CONCERNING THE ACCESSION OF SPAIN

DRAFT COUNCIL RESOLUTION

CONCERNING THE ACCESSION OF SPAIN
DRAFT COUNCIL RESOLUTION

CONCERNING THE ACCESSION OF SPAIN

The Council,

CONSIDERING:

The interest for both Spain and CERN in Spain's re-accession, as a Member State, to the Organization;

The application dated 24 February 1982 from the Spanish Government and the negotiations conducted in Madrid on 2 April 1982, the results of which are recorded in the Aide-mémoire annexed to document CERN/CC/1443;

The recommendation dated 28 April 1982 by the Scientific Policy Committee to Council (CERN/SPC/486/Draft);

The scientific and financial commitments undertaken by Spain and the conditions on which the Spanish application was accepted, as set out in document CERN/CC/1450/Rev., in particular the understanding by Spain of an important increase of the support to its national programmes in view of playing its full part as a member of CERN by 1989;

The understanding by Member States of CERN that the financial commitments undertaken by the Government of Spain shall not be subject to any review;

AND CONSIDERING:

The Convention for the Establishment of the Organization, dated 1 July 1953, as amended on 17 January 1971, hereinafter called "the Convention", in particular Articles III, VII and XVII;

DECIDES as follows:

82/68/5/e
ARTICLE I

1. Spain is admitted to the Organization by unanimous vote of all the Member States.

2. Spain shall become a member of the Organization by acceding to the Convention for the Establishment of the Organization, in conformity with Article XVII of the Convention.

ARTICLE II

1. Spain shall participate in the Basic Programme of the Organization.

2. The Council, having regard to the Spanish Government's application and the above-mentioned negotiations, agrees to a transitional scale of contributions for Spain over a period of six (6) years from the date of its accession to the Organization.

3. It is foreseen that, at 1982 prices and using the presently available statistics, Spain shall, over the above-mentioned period, make a total contribution of one hundred and forty (140) million Swiss francs. The year-by-year increases to attain the above-mentioned total sum of contributions are set out in the table annexed to the present Resolution.

4. These contributions from Spain will include the special contribution foreseen in Article VII. 4 (a) of the Convention. This special contribution shall be applied to reducing the contributions of the present Member States, in accordance with Article VII. 4 (b) of the Convention.
5. That part of the total contribution of Spain which is not used to cover the special contribution over the transitional period shall be a supplement to the budget of the Organization. It will be used in particular to increase CERN's participation in the preparation of experiments. However, this supplement will be subject to the normal budgetary procedures.

6. The contributions from Spain shall be subject to the Organization's financial and budgetary rules.

7. Article 4 paragraph 4 of the Financial Protocol annexed to the Convention will be applied as the need may arise.

(1) These include both the special contribution and the contribution to the annual budget of the Organization over the transitional period specified in Article II. 2 of the Resolution.

(2) Percentage of the full Spanish contribution.

(3) Spanish total contribution expressed as percentage of the annual budget of the Organization, according to the presently used statistics.
