Making Things Happen
Mastering Project Management

Scott Berkun
# TABLE OF CONTENTS

**Foreword**  
A brief history of project management (and why you should care)  

## Part One  
### PLANS  
1. The truth about schedules  
2. How to figure out what to do  
   - Writing the good vision  
3. Where ideas come from  
4. What to do with ideas once you have them  

## Part Two  
### SKILLS  
5. Writing good specifications  
6. How to make good decisions  
7. Communication and relationships  
8. How not to annoy people: process, email, and meetings  
9. What to do when things go wrong  

## Part Three  
### MANAGEMENT  
10. Why leadership is based on trust  
11. Making things happen  
   - Middle-game strategy  
12. End-game strategy  
13. Power and politics  

## Appendix  
A guide for discussion groups  
Annotated bibliography
