</table>

*DD/IEP/61/4*
D. Wiskott
Illumination system for the projection of bubble chamber pictures up to 140 mm diagonal
2.6.61

M. de Baets, B.W. Evershed
Circuit d'Erreur du IEP 3
21.6.61

B.W. Powell
Operation of the HPD with the CERN film transport system, 7.7.61

B.W. Evershed, W.G. Moorhead, B.W. Powell
CONTROL OF THE HPD BY THE COMPUTER (Revised Version)
14.11.61

R.B. Palmer
Analysis of Performance of CERN HPD
During Early Trials with the 709
17.7.61

R. Palmer
The Choice of a Light Source for an HPD using fixed and moving Fibres
24.7.61

B.W. Powell
Specification of fiducial marks for HPD
26.7.61

W.G. Moorhead
HPD trials on the IBM 709
2.8.61

J. Vandermeulen
Branching Ratios for Charge Configurations in \( \bar{p} + \bar{p} \rightarrow K + \bar{K} + n \pi \)

W.G. Moorhead
Note on errors on reconstructed tracks in bubble chambers
7.8.61

R.B. Palmer
Possibilities of a Mark II HPD Optics and report on Lens Search
DD/IEP/61/32, G.R. Macleod \textit{Out of Print}
Further Measurements on an Anti-Neutron Beam 25.8.61

DD/IEP/61/33, R.B. Palmer \textit{Out of Print}
Lenses for Flying Spot Measuring Devices

DD/IEP/61/34, E. Fett, L. Montanet \textit{Out of Print}
Tentative to define a "good measurement" and a realistic error matrix 11.10.61

DD/IEP/61/36, S. Nilsson \textit{Out of Print}
Predictions of the statistical theory for 16 GeV/c π + p reactions with strange particles 26.10.61

DD/IEP/61/37, G.R. Macleod
New IEP Programs with Library Facilities (internal report - not for publication) 27.10.61

DD/IEP/61/38, S. Nilsson \textit{Out of Print}
Programme for Lorentz Invariant Phase Space Integrals November 1961

DD/IEP/61/40, B.W. Evershed \textit{Out of Print}
A Digitally Controlled Stage Positioning System 16.11.61

DD/IEP/61/41, \textit{IEP Group Out of Print}
KSI(0) Programme 20.11.61

DD/IEP/61/43, L. Montanet \textit{Out of Print}
Estimation de la contamination dans l'expérience p p de 3 GeV/c 30.11.61

DD/IEP/61/44, L. Montanet \textit{Out of Print}

\textit{3.4.1968}
