DD/88/1 B. Carpenter et al.
The MUSCLE report
January 1988
300 copies reprinted on 18.3.1988
300 copies reprinted on 25.7.1988

DD/88/2 P. Wolstenholme Filtering of network addresses in real-time by sequential decoding January 1988

DD/88/3 T. Gaal, B. Foster
A C Cross-Compiler for the Motorola 680x0 Family
February 1988
100 copies reprinted on 18.10.1988

DD/88/4 S. de Gennaro
Fast Response on Overloaded VAX Systems
February 1988
100 copies reprinted on 25.7.1988

DD/88/5 C.E. Vandoni
Development of a large graphics-based application package
March 1988
100 copies reprinted on 18.10.1988

DD/88/6 E. Rimmer
Programmed initialisation of complex data collection and control systems
March 1988

DD/88/7 J. Joosten
Bridged Ethernets at CERN and beyond
April 1988
100 copies reprinted on 15.11.1988

DD/88/8 R. McLaren
The CERN host interface and the optical interconnect
April 1988

DD/88/9 H. Lipps
Introduction to Vector Processing
May 1988
100 copies reprinted on 15.11.1988
150 copies reprinted on 20.02.1989

DD/88/10 B. Carpenter
Cosine Implementation Phase: The view from a major site
May 1988

DD/88/11 D. Heagerty
Operational Requirements for an MHS Conversion Service
July 1988

DD/88/12 J. N. Gamble
Practical Networking and Standards Today
July 1988
100 copies reprinted on 15.11.1988
200 copies reprinted on 13.03.89

The Valet-Plus Embedded into Large Physics Experiments
August 1988
DD/88/14 D. R. Myers
Report on the Status of Graphics Standards
September 1988
200 copies reprinted on 13.03.89

Connecting Digital Equipment Corporation VAXes to the VMEbus
October 1988
200 copies reprinted on 13.03.89

DD/88/16 B. de Vicente Torija, A. Petrilli
An Integrated Backup Facility for Cray/Unicos
October 1988

DD/88/17 B. E. Carpenter
Configuring and Planning Non-Homogeneous Local Area Networks
October 1988

DD/88/18 F. Flückiger
Gateways and Converters in Computer Networks
October 1988

DD/88/19 Y. Perrin, et al.
The Valet-Plus embedded in large physics experiments
October 1988

DD/88/20 M. Hansroul
Fast circle fit with the conformal mapping method
November 1988

DD/88/21 M. Metcalf
Vectorization of HEP Programs
November 1988

DD/88/22 F. James
A Review of Pseudorandom Number Generators
December 1988
200 copies reprinted on 13.03.89

DD/88/23 N. Juristo
Displayed layout of electronic devices connected together in the
Ethernet network Using KEE and KEEconnection
December 1988
