ORGANISATION EUROPÉENNE POUR LA RECHERCHE NUCLÉAIRE
CERN EUROPEAN ORGANIZATION FOR NUCLEAR RESEARCH

NINETY-FIFTH COUNCIL SESSION
Geneva - 26 June 1992

DRAFT COUNCIL RESOLUTION
CONCERNING
THE ACCESSION OF THE REPUBLIC OF HUNGARY
DRAFT COUNCIL RESOLUTION
CONCERNING
THE ACCESSION OF THE REPUBLIC OF HUNGARY

THE COUNCIL,

CONSIDERING:

The interest of both the Republic of Hungary and of CERN in the accession of Hungary as a Member State of the Organization;

The application from the Government of the Republic of Hungary dated 31 January 1992;

The Aide-mémoire of Negotiations dated 29 April 1992 (CERN/1927 Annex II) relating to the "Meeting between the Delegations of the Republic of Hungary and the European Organization for Nuclear Research (CERN) concerning the Accession of the Republic of Hungary to CERN" which refers in particular to the expectation that it becomes a Member of the Organization as from 1 July 1992 and to the financial arrangements agreed upon for the transition period 1992-1999;

CONSIDERING ALSO:

The Convention for the establishment of the Organization, dated 1 July 1953, as amended on 17 January 1971, hereinafter called "The Convention", in particular Articles III, VII and XVII;

DECIDES AS FOLLOWS:

ARTICLE I

1. The Republic of Hungary is admitted to the Organization by unanimous vote of all the Member States.
2. The Republic of Hungary shall become a Member of the Organization by acceding to the Convention in conformity with Article XVII of the Convention.

ARTICLE II

1. The Republic of Hungary shall participate in the basic programme of the Organization.

2. The Council, having regard to the application of the Republic of Hungary and to the above-mentioned Aide-mémoire of Negotiations, agrees to a transition period of seven and a half years - namely mid-1992 to end 1999, assuming that accession takes place on 1 July 1992. The contribution level of the Republic of Hungary for 1992, at 1992 prices, will be set at 600 KCHF (six hundred thousand Swiss francs), which is 0.0653% of the total contribution set by Council for that year. If the accession takes place as proposed on 1 July 1992 then the initial payment for the year 1992 will be 300 KCHF. For the following three years, 1993-1995, the contribution will be 600 KCHF, 600 KCHF and 1200 KCHF respectively, but indexed following the standard procedure. For the remaining years, 1996-1999, the contribution expressed as a percentage of the full contribution, calculated on the basis of Net National Income (NNI), should in principle rise linearly to reach 100% in the year 2000. However, it is proposed to determine the exact rate of increase in the course of 1994, when a proper assessment of the economic performance of the Republic of Hungary can be made.

3. These contributions shall cover all the financial obligations due by the Republic of Hungary as an acceding Member State, according to Article VII of the Convention.

4. The contribution from the Republic of Hungary shall be subject to the Organization's financial and budgetary rules.
